

Your Benefits Enrollment Checklist

We're so glad you've joined us at a Placeholder Industries company. Follow this simple checklist to make sure you're able to sign up for your benefits.

1. Mark Your Calendar

As a full-time salaried placeholder, stand-in, proxy, or surrogate, you become eligible on the first day of the month immediately following your date of hire.

2. Review Your Options

Picking a benefits plan that doesn't meet your needs can cost you money. To find your best-fit options, visit ALEX® at www.myalex.com/fake_url/2017.

3. Enroll Online Within 30 Days

Once your eligibility begins, you have 30 days to enroll online. If you miss your enrollment window, you won't become eligible again until the open enrollment period in the fall. Enroll in benefits online at www.myPIbenefits.com.
